Analysis and Future Outlook

شهبا بنك
SHAHBA BANK

POWER OF TRUST

Introduction

As part of our ongoing commitment to organizational excellence, this presentation provides a comprehensive overview of Shahba Bank's workforce dynamics and strategic priorities for 2026. The analysis covers key areas, including employee attrition, demographic trends, training objectives, recruitment needs, and market benchmarking, to ensure Shahba Bank remains competitive and aligned with industry standards.

Presentation Outline:

1. Employee Attrition Overview – 2025
2. Employee Gender Distribution
3. Employee Distribution by Educational Qualifications
4. Age Demographics of Employees
5. Training Strategy and Objectives – 2026
6. Recruitment Needs – 2026
7. Key Drivers of 2026 Recruitment Needs
8. Shahba Bank vs Market Workforce & Branch Comparison
9. Salaries Benchmarking Analysis

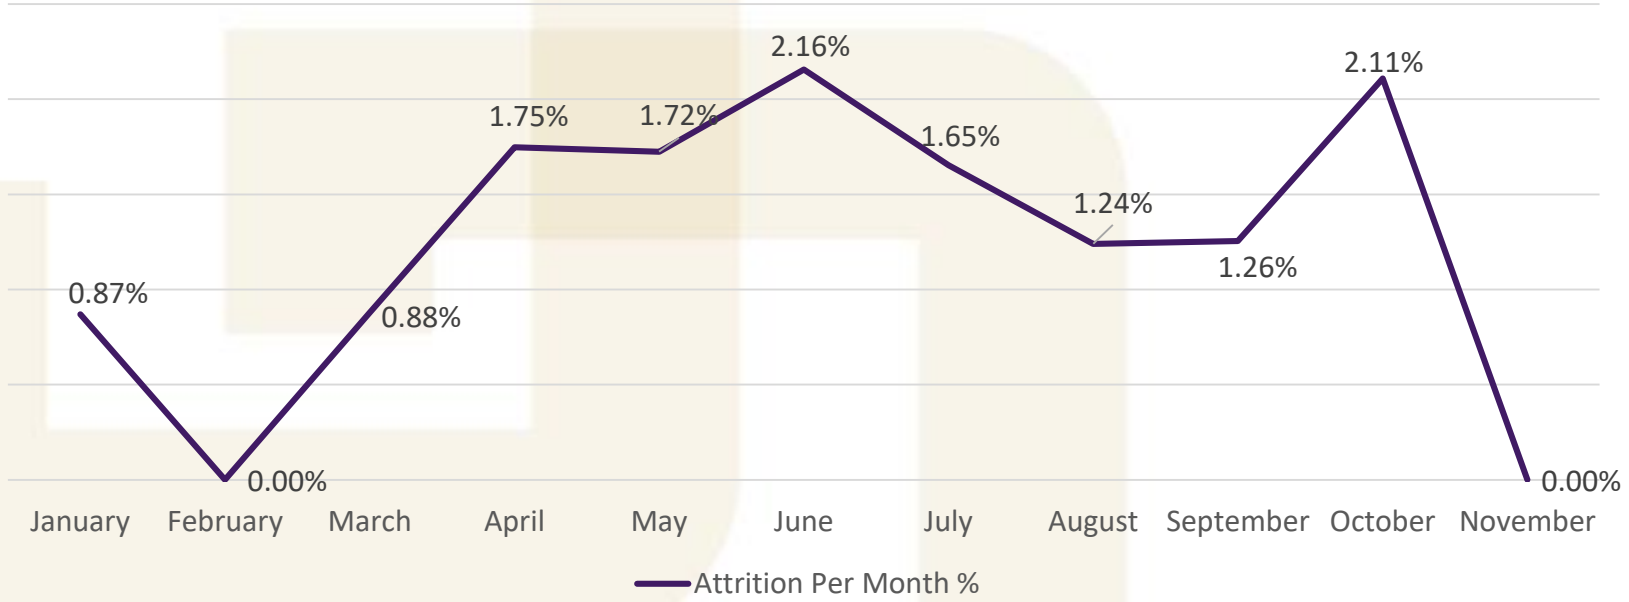

Employee Attrition Overview - 2025

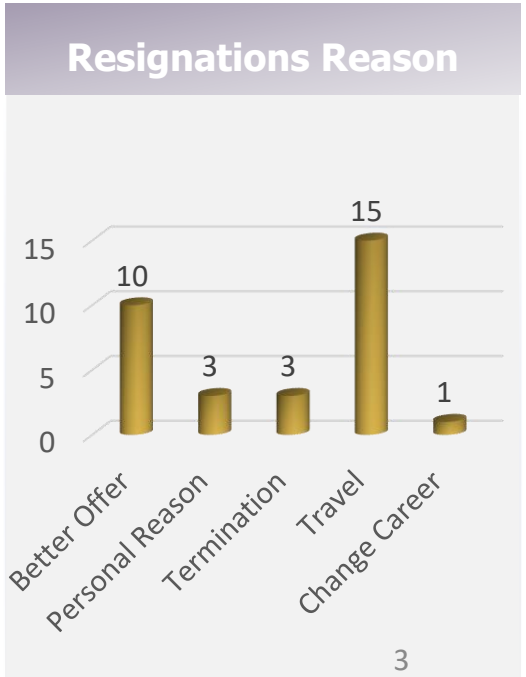

The Human Resources Department has diligently monitored employee turnover throughout 2025. Proactive measures were implemented to address operational gaps by attracting and onboarding new talent.

Key Statistics (as of November 19, 2025):

- Total Resignations: 32 employees
- Attrition Rate: 14%
- New Hires: 42 employees

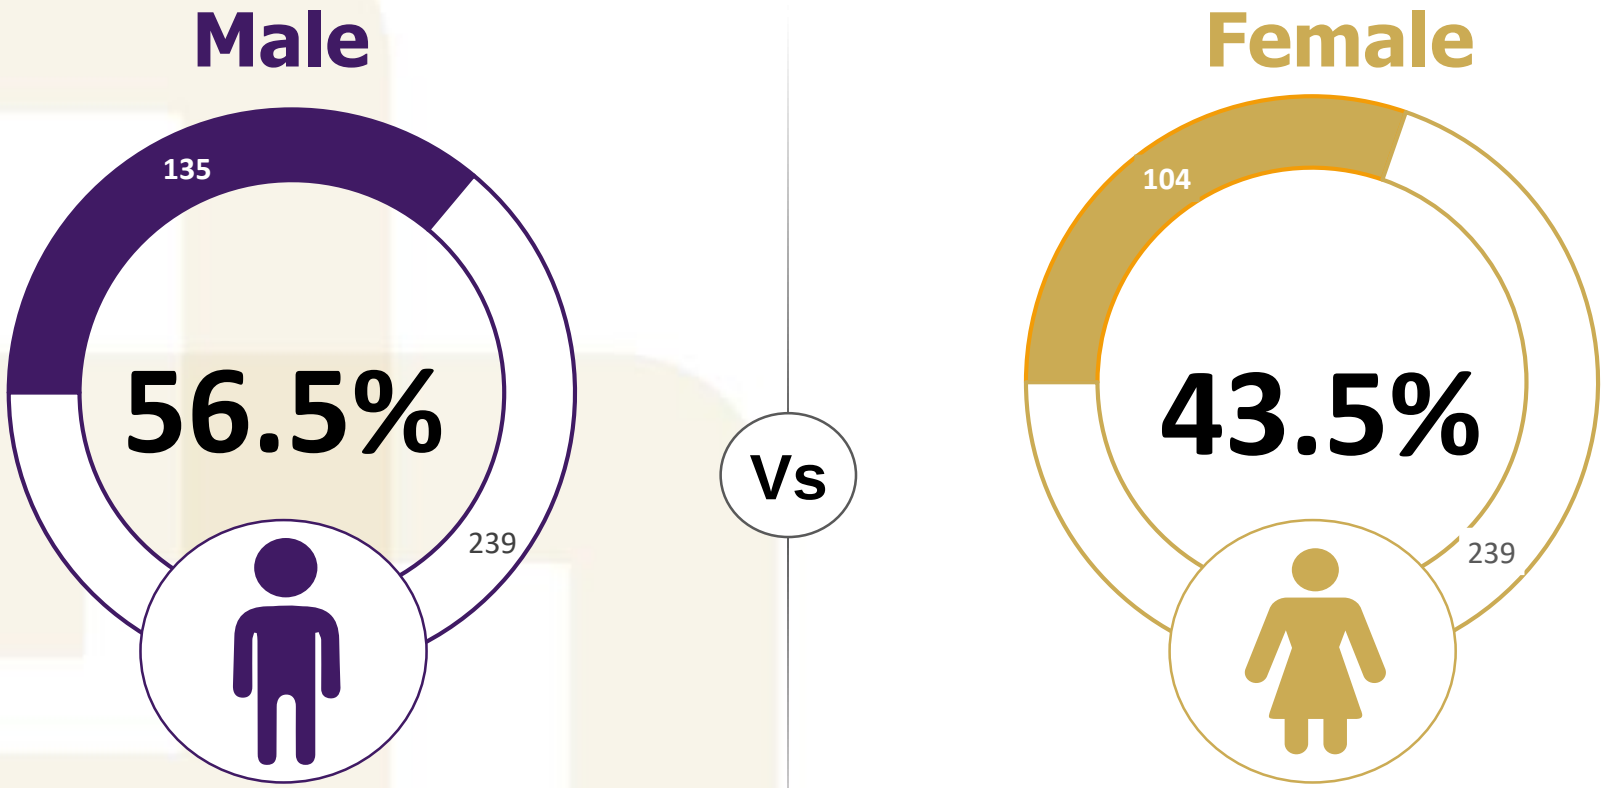

Throughout the year, the bank has maintained a recruitment efficiency rate of 96.7%, reflecting our commitment to stable operations and a skilled workforce.

Employee Gender Distribution

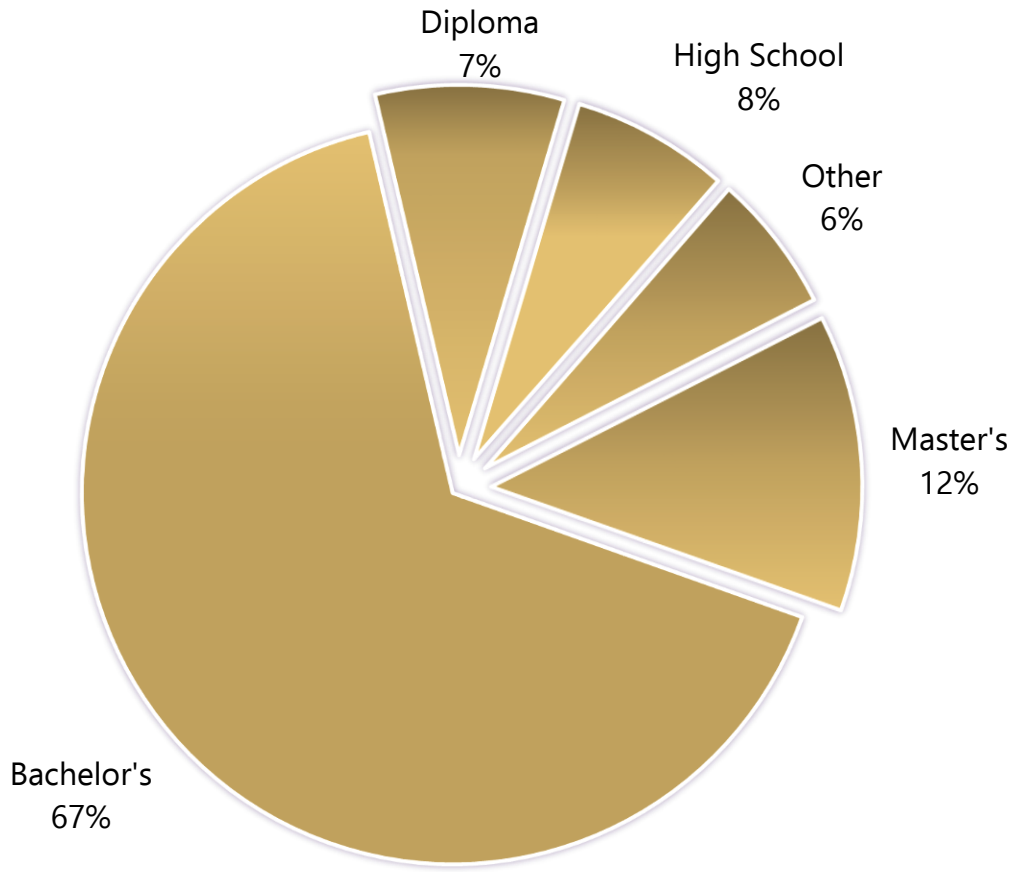

Shahba Bank is proud to maintain a balanced and inclusive workforce, reflecting our ongoing commitment to diversity and equality.

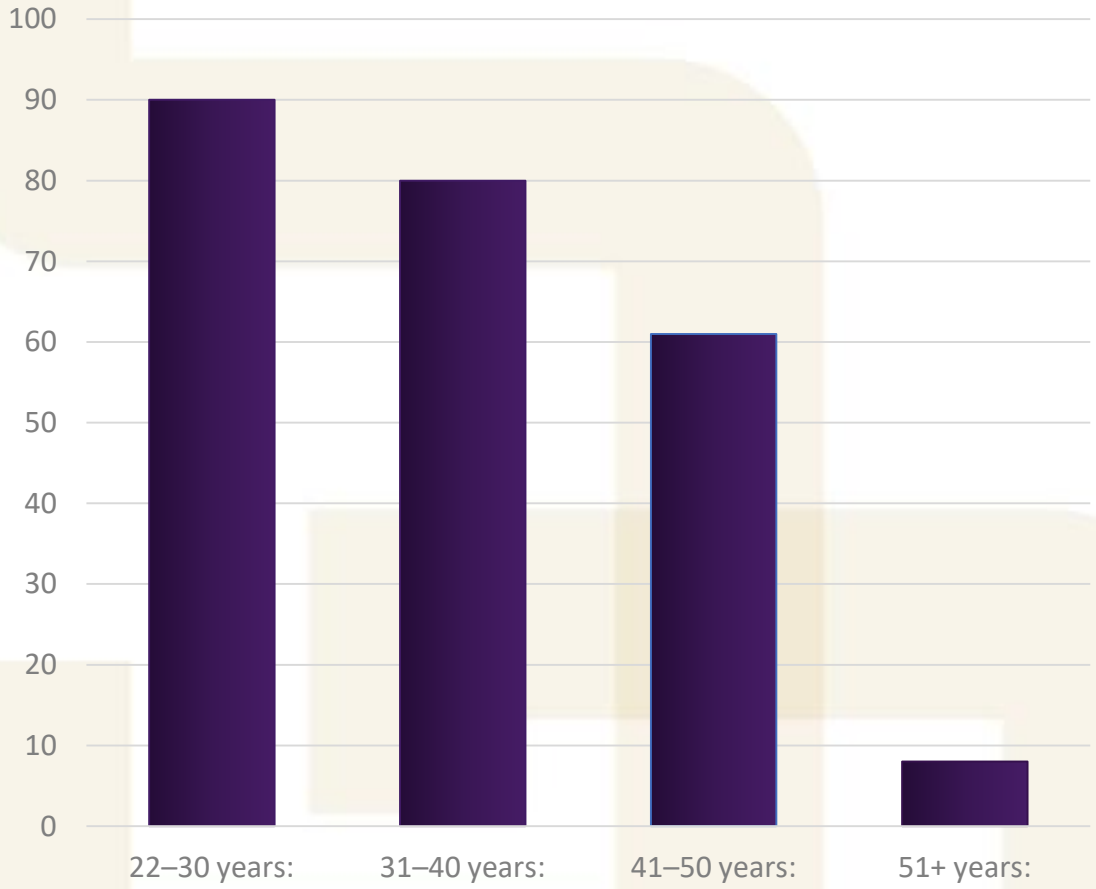

Employee Distribution by Educational Qualifications

Total Employees: 239

- Master’s Degree: 12% (28 employees)
- Bachelor’s Degree: 67% (160 employees)
- Diploma Certificate: 7% (18 employees)
- High School: 8% (19 employees)
- Other Qualifications: 6% (14 employees)

Age Demographics of Employees

As part of our commitment to understanding and optimizing our workforce, we have analyzed the age distribution of our employees. Below is an overview of the age groups within the bank:

Age Distribution Overview

- Total Employees: 239
- Age Range: 22 to 61 years
- Average Age: 35.1 years

Age Groups

- 22–30 years: 90 employees (37.7%)
- 31–40 years: 80 employees (33.5%)
- 41–50 years: 61 employees (25.5%)
- 51+ years: 8 employees (3.3%)

Training Strategy and Objectives - 2026

Training Approach

Shahba Bank, through its Human Resources Department, is committed to a strategic training approach designed to achieve the following objectives:

- Enhance employee skills and productivity.
- Develop a pipeline of reliable future leaders capable of mentoring others and making sound decisions.
- Achieve excellence in service quality and operational performance.

Current Challenges

The Bank operates in a dynamic environment, presenting the following training challenges:

- Identifying and selecting the most appropriate and effective training programs.
- Controlling training costs while ensuring measurable and tangible results.

Training Plan

- To address these challenges and meet our objectives, Shahba Bank will implement its 2026 training plan through the following channels:

External Training
Partnering with specialized external centers to deliver intensive and specialized programs.

Internal Training
Utilizing the expertise of current employees to deliver internal knowledge-sharing sessions.

Key Drivers of 2026 Recruitment Needs

The majority of our recruitment needs for this year are driven by two primary factors:

1. **Replacing Resigned Employees:** A significant portion of hiring focuses on filling positions left vacant by resignations, ensuring operational continuity and service quality.
2. **Addressing New Workload Demands:** New roles, particularly in Administration and support functions, are required to manage increased workload and maintain departmental efficiency.

To ensure optimal workforce planning, we conduct regular workload analysis across all departments. This helps us verify that all employees are working efficiently and that staffing levels are aligned with operational demands.

Additional Note:

- The total recruitment requests received from departments amounted to 33 employees. After a detailed workload analysis, this was adjusted to the actual need of 27 employees, reflecting our commitment to balancing operational needs with cost efficiency.
- Additionally, the TMO (Transactions Monitoring Officer) position is required as per the regulations and requirements of the CBoS.

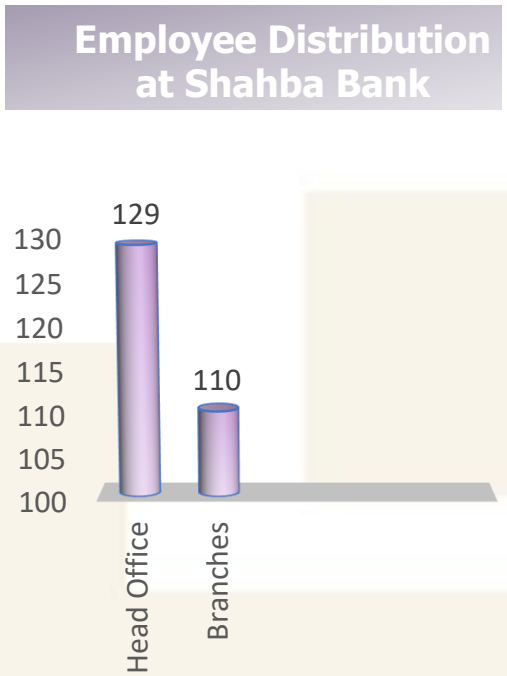

Next Slide: A detailed breakdown of our current recruitment needs will be presented.

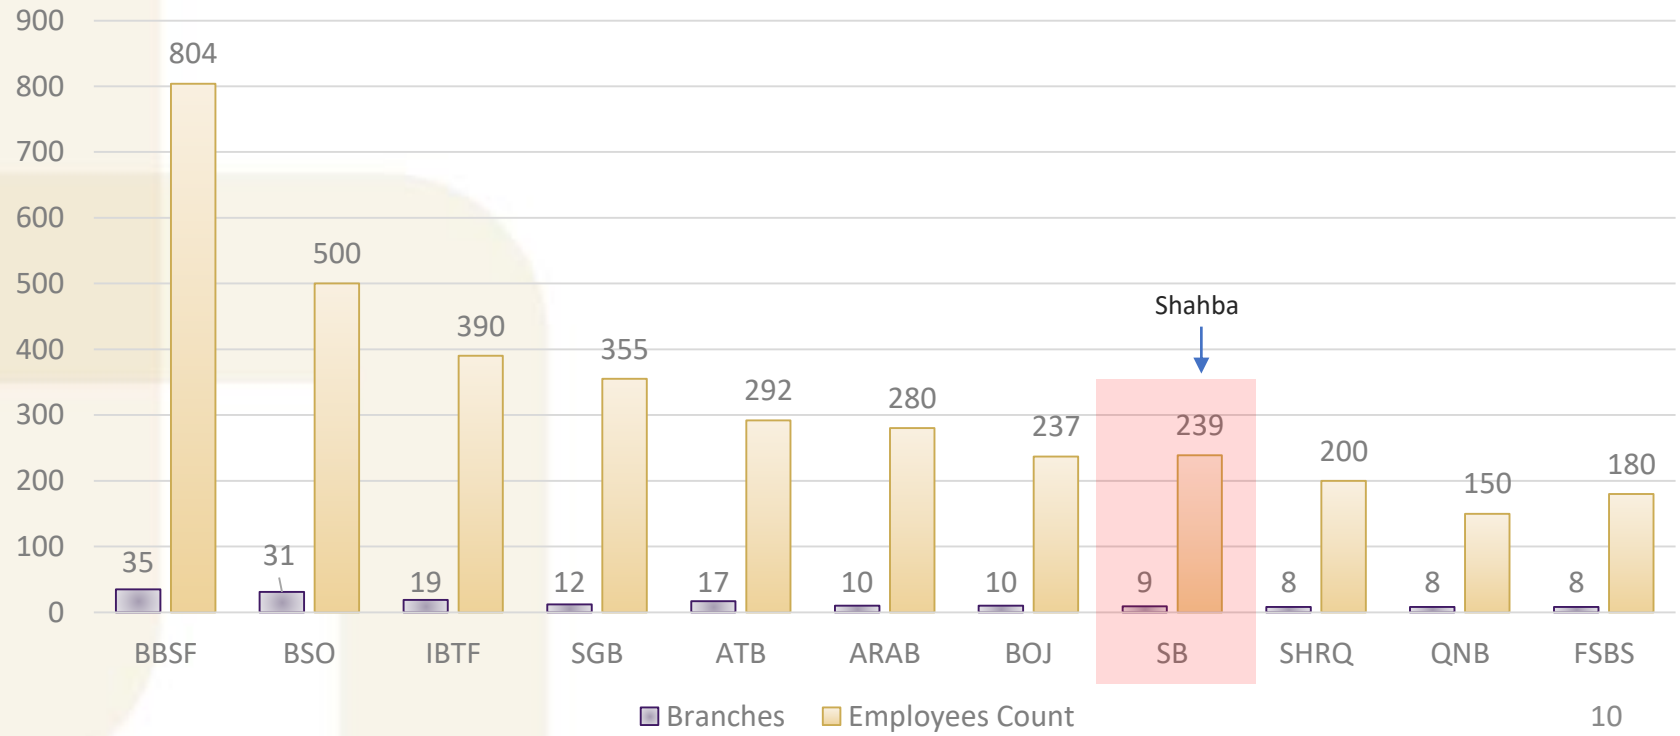

Detailed breakdown of our recruitment needs

Department / Branch	Count	Position	Reason
